

BLOMMER CHOCOLATE COMPANY

SPECIALTY COLORED & FLAVORED COATINGS

Blommer's Specialty Confectioner Coatings are produced in our Campbellford, Ontario plant.

The smaller size of this manufacturing plant allows us to provide flexible manufacturing and custom formulations. The Specialty Coating line includes colors and flavors and nutraceutical / functional coatings, which include protein added, alternative sweetener, NSA and reduced sugar coatings.

COLORED & FLAVORED COATINGS CINNAMON DROPS

Made with real cinnamon to give high impact flavor.

LOW MELT CREAM CHEESE DROPS

Naturally flavored drops formulated with our special low melt fat system to enhance flavor delivery and provide a novel texture.

LOW MELT RASPBERRY DROPS

Naturally flavored drops containing real raspberry powder.

SALTED CARAMEL COATING

A salted caramel flavored confectionery coating.

GREEK STYLE YOGURT COATING

Formulated to mimic Greek yogurt with a tangy flavor and added protein.

DULCE DE LECHE COATING

Naturally colored and flavored and made with fractionated oil.

ORANGE COATING

Naturally colored and flavored and made with fractionated oil.

LEMON COATING

Naturally colored and flavored and made with fractionated oil.

BUTTERSCOTCH COATING

A Butterscotch Flavored Confectionery Coating.

GREEN MINT DROPS

Light green drop flavored with peppermint oil.

PROVIDENT RED GLITTER MINT

A white chocolate flavored confectioner coating with reduced milk notes, mint flavor with red glitter specs.
