

BLOMMER ICE CREAM COATINGS

Consistent Quality. Exceptional Coatings.

Your Partner in Ice Cream Coating Innovation

Blommer brings decades of expertise in chocolate and confectionery coatings to elevate ice cream coatings by enhancing quality, improving functionality, and serving as a trusted, reliable supplier across North America.

Why Ice Cream. Why Chocolate. Why Now.

- ▶ Ice cream demand continues to grow, with **chocolate as America's favorite flavor**
- ▶ **32% of U.S. consumers** say their favorite ice cream includes chocolate in some form
- ▶ Chocolate is the **#1 flavor in ice cream launches** over the past five years
- ▶ Frozen novelties are a fast-growing segment where coatings play a critical role in taste, texture, and differentiation

What Consumers Want—and What Chocolate Delivers

Consumers expect chocolate in frozen treats to deliver:

- ▶ **Great taste & indulgence**
- ▶ **Familiar, trusted flavor**
- ▶ **Textural excitement**
- ▶ Opportunities for **better-for-you benefits** like reduced sugar or added protein

How Blommer Helps You Win

- ▶ **Diverse product portfolio** to meet a wide range of ice cream applications
- ▶ **Solutions-driven R&D** to address customer-specific challenges
- ▶ **Specialty fat systems** for optimal texture, workability, and performance
- ▶ **Collaborative innovation** backed by deep chocolate, compound, and fat expertise

THE BLOMMER ADVANTAGE

Proven Fat & Coating Expertise

- ▶ Nearly **half of an ice cream coating is fat**—and fat drives texture, snap, drip resistance, and processing performance
- ▶ Blommer, together with Fuji Oil Group, brings **global fat technology and expertise**
- ▶ Fuji Oil holds **20 U.S. patents** related to fat technologies for ice cream coatings
- ▶ Solutions include **reduced drip time, viscosity stability, easier processing, and texture control**
